No. 37(1)/HR-06/NSC/243

Dated 22nd May 2021

CIRCULAR

In suppression of circular of even number dated 22nd April 2021 and in light of revised discharge policy dated 04th May 2021 issued by ICMR it has been decided by Competent Authority that in case of employees having mild/ very mild symptoms of Covid-19 and if the employee has been on 10 days of home isolation alongwith medical treatment and in last 03 days no fever has been reported, then the employee can join back to duties without having RT-PCR test by giving above undertaking to this effect.

In case the employee is admitted to Hospital/Covid Health Centre and he has been discharged after 10 days of symptom onset due to :-

- Absence of fever without antipyretics
- Resolution of breathlessness
- No oxygen requirement,

There will be no need for testing prior to discharge. At the time of discharge, the patient will be advised to isolate himself at home and self-monitor their health for further 7 days. After being discharged from the hospital and after 07 days of home isolation employees can join back to the duties without RT-PCR report. This will be effective from date of issue of this circular.

This issues with approval of Competent Authority
