Irrigated Area (in hect.)	: 2875
Source of Irrigation	: Indira Gandhi Nahar Pariyojna
Source of Biomass	: Woody biomass residues from Juliflora/pruning materials, of standing trees & bushes etc.

SCOPE OF WORK

National Seeds Corporation Limited “NSC”(A Mini Ratna Company) invites tenders from suitably experienced companies, manufacturers or contractors under Competitive Bidding Process to establish 1-1.5 MW Biomass Power Project including collection & transportation of biomass required for generation of power, from farm site/s or other places **at Central State Farm, Jetsar, Distict Sri Ganganagar, Rajasthan-335804, India.**

Note

- (i) It will be the responsibility of the bidder to design, construct, supply and commission the equipments for a successful power project.
- (ii) Construction of all the buildings and civil works required for successful completion of the project will be the responsibility of the bidder.
- (iii) The bidder is responsible for obtaining all the clearance approval required from Central/State Govt./Pollution Control etc. for the project implementation. However, documents required for the purpose will be provided by the corporation.
- (iv) The land required for the project will be provided by NSC.
- (v) The water required for the project will be provided by NSC.
- (vi) The biomass available at the farm premises and nearby Farm of Corporation would be provided by NSC which is to be harvested, collected and transported at the plant side by the bidders.
- (vii) The bidder can offer their suitable technology which can be used for power generation through Bio-Mass.
- (viii) Bidder should give details for their past experience and similar project executed with full details during the last 03 years.
- (ix) Bidder should furnish the Annual Report (Annual Statement of Account) for the preceding 03 completed years.
- (x) Payment terms and other terms and conditions should also be indicated by the bidders.
- (xi) The requirement of land and water for the establishment of plant may be indicated clearly.
- (xii) Infrastructure likely to be created by the firm should be indicated.
- (xiii) The land required for the growing of biomass at the farm will be offered to the bidder if available and all the expenditure for

development of land, growing of biomass, irrigation etc. will be borne by the bidder.

- (xiv) Bidder may visit the location and site before their submission of offer.
- (xv) The expenditure for the establishment of the plant, building & transmission line etc. and for its running will be borne by the bidder.
- (xvi) The period by which the plant will be established may be indicated clearly.
- (xvii) Corporation reserve the right to accept or reject any or all the tenders without assigning any reason thereof.
- (xviii) Arbitration Clause:

All disputes and or differences in relation the tender, the contract of the interpretation of any of their terms of implementation hereof or arising out of or concerned directly or indirectly with the contract shall be referred to the arbitration of a single Arbitrator to be appointed by the Chairman cum Managing Director of the Corporation and in the absence of CMD, the highest Executive Officer of the Corporation shall make such appointment. The venue of Arbitration shall be at New Delhi. The Court of Law at New Delhi/Delhi alone will have jurisdiction in the matter of any disputes whatsoever. The arbitrator shall have power to enlarge time for making and publishing the award with the consent of the parties. The parties will have no objection to the appointment of the Arbitrator on the ground that such arbitrator had dealt with the matter at any earlier stage. If the claims involved in a dispute are of more than Rs.1.00 lakh, the arbitrator shall make a speaking award.

- (xix) An agreement will be executed between the Corporation and Successful bidder.
- (xx) The successful bidder should submit the Bank Guarantee of an amount of Rs 10.00 lacs for execution of the project. This Bank Guarantee will be converted into the security deposit on the completion of project.

The bidder should be offered their consideration amount for the following:

1. Rate of the biomass Per tonne which will be collected by the bidder from the farms of the Corporation.
2. Percentage of units generated to be provided to the NSC in terms of amount as per State Govt. tariff with minimum assured units of 1000 unit/day.
3. Consideration amount per ha for the land required by the bidder for the growing of biomass, if available.

Rate may be offered in the following manner:

S.No	Particulars	Qty.	Unit	Rate (Rs.)	Amount (Rs.)
1.	Rate of biomass (Rs/Ton).				
2.*	Amount of units (per day) offered over and above minimum assured amount of 1000 units (if units generated are 20000 per day then % of 19000 units and its amount at the rate offered by State Electricity Board.)				
3	Rate per ha for the land, if required by the bidder and available with NSC for growing of biomass.				
4.	Any Other				

* Assuming that 1 MW plant will generate 20,000 units/day.

Interested companies, contractors or manufacturers are requested to submit their offers (Hard copies in duplicate alongwith the electronic copy on CD) with all details through a sealed envelope so as to be reached at the following address on or before 18.12.2014. The pre-bid meeting has been fixed on 26.12.2014 for clarifying the issue if any. The decision or otherwise amendment, if any, on the basis of discussion in Pre-Bid meeting will be posted on the website of the Corporation only.

The envelope should be superscribed as NSC-CSF JETSAR (POWER)
